WXP

US/V2 3L Hydration Pack

Pack Features

Our lightest cargo hydration system. Low profile 3 panel construction. 3 usage modes: backpack, ruck insert, and MOLLE "direct attach" using our exclusive QCA™ buckle system. Includes WXP™ 3L reservoir system.

- 1 **Dual Function:** Backpack/Gear Mounted Modes- Quick release shoulder straps fold into back pocket for loading into large rucksacs or mounting on gear.
- 2 **QCA™ System-** Connects instantly to vests and packs with no additional straps or hardware required.
- 3 **Zippered Top Opening-** Quick and easy access to the reservoir for cleaning, draining or replacement.
- 4 **External Fill Port with Integral Refill Handle-** Delivers fast and easy refills on-the-move with no spills.
- 5 **Vertical Zipper-** For quick access to the tube/bladder connector for installation of personal filtration systems.
- 6 **Internal Filter Pocket-** Designed to accommodate the USMC water filter without restricting reservoir capacity.
- 7 **NEW: Zippered Front Cargo Pocket-** 2L pocket for personal gear and accessories.
- 8 **NEW: Cool Insulation-** Closed cell insulation keeps liquid cool for better absorption by the body.
- 9 **Easy Dry D-Ring-** With the zippered top open and Widepac™ closure removed, the pack hangs upside down for draining and quick drying.
- 10 **Elastic Secured™ Loops-** Keeps loose strap-ends from dangling.
 - NEW: "V" Shape-** Rides more comfortably when used in pack mode, lowered profile, controls reservoir "sausaging".
 - IRR Reduction-** Fabrics webbings and buckles meets military IRR standards to provide improved safety during low light.
 - Drain Eyelet-** Drains condensation in the insulated reservoir sleeve.
 - NEW: Light Weight-** 500D Cordura® vs. 1000D in current USMC V-1 Tactical

Exterior:	Tough abrasion resistant 1000D Cordura® Nylon.
Cargo Capacity	2L/122cu in
Body Contact	Heavy duty PES mesh (shoulder straps only)
Insulation:	5 mm closed cell PE.
Liner:	70D Nylon.
Straps:	Heavy Duty PP.
Buckles:	Super tough Nylon.

Hydration Features

TASTE-FREE™ System - Glass-Like™ Liner technology in reservoir and tube delivers pure liquid taste with no plastic flavor.

BACTERIA- FREE™ System - Grunge-Guard™ Antimicrobial technology blocks bacterial growth for the life of the system

CARE-FREE™ System - Glass-Like™ Liner with Grunge-Guard™ antimicrobial technologies eliminates the need for cleaning. For days, weeks and even months of use simply refill and drink again and again with no special care required

FDA approved materials - All materials in contact with the drinking water are FDA approved. Guaranteed safe and taste-free drinking water

- 1 **Hi-Flow Storm-Valve™** - No-bite push-pull valve with integrated shut-off mechanism. Like drinking with a straw. Easy disassembly for cleaning. (U.S. Patent 6,622,988).
- 2 **Angled Valve** - Turned 360 degrees for perfect valve/mouth orientation. Allows tube to be 25cm shorter. Less excess tube bouncing around the chest!
- 3 **Dirt-Shield™ Protective Cover** - No more dragging in the dirt! Keeps valve free of dirt and protected.
- 4 **Cool Weave Cover Tube** - Insulates and blocks UV-light. Water stays cool and bacteria free from first to last sip.
- 5 **SQC Quick Connect Hose Fitting**- Quick connect hose fitting offers push button convenience, SQC has a built in shut off mechanism which allows the tube to be disconnected without spilling, and is compatible with most filtration systems.
- 6 **Widepac™ Wide Opening Access** - Patent pending slide closure for easy draining and cleaning. Airtight seal.
- 7 **Large NC Filler Cap** - Air tight, low profile, one hand operated. Compatible with commonly used personal filtration systems.

Liquid Capacity	3L / 100 oz
Weight (pack + reservoir)	0.59Kg / 1.3lbs
Hydration System	WXP
Reservoir	435 micron co-extruded Glass-Like™ PE
Valve	Angled Storm-Valve™
Tube	Weave Covered. 94 cm / 37 Inch long
