## LOW PROFILE HYDRATION SYSTEM

**NEW**

SOURCE's new Low profile hydration pack, specially designed for ballistic vest integration. Maximum utilization of our low profile technology reduces the depth of the carrier making it a truly low profile hydration system.

### ■ TASTE-FREE™ System

Co-extruded PE film retains pure liquid taste with no plastic flavor. BPA and phthalate free.

### ■ Grunge-Guard™ Technology

Inhibits bacteria growth on reservoir and drinking tube surfaces for the life of the system. Technology utilized FDA-approved and EPA-registered anti-microbial agent.

### ■ Easy Care & Low Maintenance

For use with water, clean by simply rinsing the system and hanging it opened until dry. For use with energy drinks or sweetened liquids, follow the cleaning instructions in the attached care and maintenance booklet.

### 1 Hi-Flow Storm-Valve™

No-bite push-pull valve with integrated shut-off mechanism. Like drinking with a straw. Easy disassembly for cleaning. (U.S. Patent 6,622,988).

### 2 Angled Valve

Turned 360 degrees for perfect valve/mouth orientation. Allows tube to be 25cm shorter. Less excess tube bouncing around the chest!

### 3 Dirt-Shield™

Protective Cover keeps the drinking valve free of dirt and protected.

**NEW**

### 4 QMT™

Additional In line QMT™ Quick Connector at the tube extremity, allows connection of filter, UTA™ or other accessories with the push of a button.

### 5 Cool Weave Cover Tube

Insulates and blocks UV-light. Water stays cool and Inhibits bacteria growth from first to last sip.

### 6 Widepac™ Wide Opening Access

Patented slide closure for easy draining and cleaning. Airtight seal.

Liquid Capacity .....	3L / 100 oz
Cargo Capacity .....	NA
Weight .....	0.115Kg / 0.25Lbs
Hydration System .....	WLPS
